

# 6-Gallon Mixing-Pail Giveaway\*

Buy one pallet of *Keraflex™ Super* or *Keraflex Plus* (white or gray) and get four 6-gallon mixing pails per pallet.

[See details on the back](#)

MAPEI's *Keraflex* family of polymer-enhanced mortars incorporate High-Transfer Technology™ to provide outstanding transfer of mortar to tile backs – while retaining impressive non-sag/nonslump properties. Three additional mortars have joined *Keraflex Super* to provide additional options for all of your jobsite needs: *Keraflex Plus*, *Keraflex SG* and *Keraflex RS*. Properties of this extra smooth mortar family include:

- Easy-to-trowel, requiring 70% less effort – which reduces application times
- Water and frost resistance (*Keraflex Super* is highly resistant to freeze/thaw conditions)
- Quick-curing (*Keraflex RS* allows tiles to be grouted within 3 to 4 hours)
- Ideal for use with edge-leveling clip applications
- High bond adhesion strength, perfect for large and heavy tiles

# 6-Gallon Mixing-Pail Giveaway\*

## Details of the Giveaway:

Buy one pallet of *Keraflex Super* or *Keraflex Plus* (white or gray) and get four 6-gallon mixing pails per pallet.

This means you can buy two pallets and get eight 6-gallon mixing pails.

## Q: Why 6-gallon pails?

**A:** Once mixed, *Keraflex* mortars are much more voluminous than traditional mortars, which is where these 6-gallon mixing pails come in handy. The same amount of *Keraflex* mortar also yields more coverage per pound – with higher bond adhesion strength – than its traditional counterpart.

## Q: Do I have to buy an entire pallet to get 4 pails?

**A:** Yes. The *Keraflex* family is wildly popular wherever it has been introduced, and stock quickly sells out. We are confident that you are going to like it too. But hurry, this offer only runs while supplies last.

Designed for interior/external use on floors and walls, over plywood and over a variety of membranes, the *Keraflex* mortar family has your tile back covered. For details on the *Keraflex* line, visit [www.mapei.com/us/en-us/keraflex-mortars](http://www.mapei.com/us/en-us/keraflex-mortars).

\* Promotion runs while supplies last.
