

## ISO Certification: More than a Stamp on Packaging

**November 18, 2021 / 1 p.m. EDT**

The ISO stamp on a package is easy to miss, but this small mark is very significant. Not every manufacturer has the stamp on their products, and not every product has the stamp on its packaging.

This Webinar will explain:

- What ISO certification means.
- Why MAPEI's packaging very proudly bears ISO certification.
- What using ISO-certified products means to your projects.

## WEBINAR

ISO Certification: More than a Stamp on Packaging

November 18 at 1 p.m. EDT

Duration: 60 min.\*

*\* The Webinar will include a question-and-answer period.*
