

In order to use our color libraries in the **Adobe® Illustrator CC 2018** application:

1. Save the file "adobe_illustrator_mapei_master_collection_2019" to the desired location on the disk.
2. Start **Adobe® Illustrator CC 2018**.
3. Select "Swatches" from the "Window" menu.
4. In the "Swatches" window in the upper right corner click the options icon for that window.
5. In the context menu, select the "Open swatch library" command, and after opening the next submenu, click "Other library".
6. In the "Open" window, select the location of the previously saved Mapei color library, select the library file and confirm with the "Open" button.
