

## In order to use our color libraries in the **AutoCAD® 2018** application:

1. Save the "autodesk\_autocad" file to the desired location on the disk
2. Copy the color library files to the directory - the default save path for AutoCAD® 2018 is: C: \ Program Files \ Autodesk \ AutoCAD 2018 \ Support \ Color \
3. Start **AutoCAD® 2018**.
4. In the command window enter "Color" or "Colorbook".
5. In the "Select Color" dialog box, select the "Color Books" tab and select chosen color palette from the "Color Book" pull-down menu.
