

In order to use our color libraries in the
ArchiCAD® 23 application:

1. Save the "graphisoft_archicad" file to the desired location on the disk.
2. Start **ArchiCAD® 23**.
3. From the menu select: "Options" > "Element Attributes" > "Attributes Manager"> "All".
4. Press the "Open" button and select the file from the previously selected storage location.
5. Press "Select all" and then "Append". Then press "Ok" in the bottom right corner.
